ORGANIZATION AND DESCRIPTION OF THE BOARD OF PHARMACY

MISSION

The Board's mission is to promote, preserve and protect the public health, safety and welfare by assuring the provision of quality pharmaceutical care to the citizens of Missouri, through the regulation of the practice of pharmacy.

ORGANIZATION

The Missouri Board of Pharmacy is an agency within the Division of Professional Registration, Department of Economic Development. The Board was created by House Bill No. 87 of the General Assembly of 1909. The Board consists of seven (7) persons, one who is a public member and six (6) who are licensed pharmacists actively engaged in the practice of pharmacy. At least one of these members must be a person who provides, on a full-time basis, pharmaceutical services to a hospital, skilled nursing facility or an intermediate care facility. Board Members are appointed by the Governor and hold office for (5) years from the date of their appointment and until their successors have been appointed and qualified. Board Members appointed by the Governor are subject to approval of the Senate. Annually, the Board shall organize by the election of a president, and a vice president, each of whom serves for one year. The Board maintains a record of all of its proceedings through the maintenance of minutes for both its open and closed session meetings, pursuant to provisions in Chapter 610 and 620.

The Board appoints five members to an Advisory Committee for Drug Distributors. This committee advises and makes recommendations to the Board concerning any rule changes proposed involving the drug distributor licensing program. A list of the current members of the committee is available at the Board of Pharmacy office.

The Board is an active member of the National Association of Boards of Pharmacy, and a member of District 6 in NABP.

AUTHORITY AND FUNCTION

Sections 338.035, 338.140, 338.280 and 338.350 RSMo 2000 provide the Board authority to adopt rules and regulations for the application and enforcement of Chapter 338, RSMo. The Board has superintending control over the practice of pharmacy in the State of Missouri and its primary duties consist of:

1. Examining and licensing of applicants;
2. Accrediting of pharmacy colleges;
3. Renewing biennially, the licenses of qualified pharmacists, pharmacies, drug distributors, and renewing annually, the licenses of intern pharmacists;
4. Investigation of complaints involving any licensee or registrant received including public complaints, information from other state and/or federal agencies, or violations discovered during routine inspections of pharmacy and drug distributor operations;
5. Suspending, revoking, or placing on probation the license of any pharmacist, pharmacy, drug distributor, or intern pharmacist found to be in violation of Chapter 338, RSMo;
6. Inspection of pharmacies and drug distributors;
7. Inspection and licensing of pharmacies for intern certification;
8. Licensing and biennial renewal of non-resident pharmacies and drug distributors;
9. Registering and renewing pharmacy technicians annually.

Several publications are available through the Board of Pharmacy. These include the Annual Report, the Consumers Report and the Board of Pharmacy quarterly Newsletter.

KEVIN E. KINKADE, R.PH
EXECUTIVE DIRECTOR

BOARD STRATEGIC PLAN

At an annual Retreat in March, the board identifies both current and expected pharmacy issues, reviews statutes and regulations, and develops a strategic plan for the next year. They also review board office activities, review statistics and identify areas which need improvement or change. The Strategic Plan is then a part of the April regular board meeting agenda for approval or revision. Once the Strategic Plan is approved, the Executive Director initiates the necessary action within the Board Office and with field staff, to meet the goals established. As activity occurs, the plan is updated and is a part of each board meeting open agenda. Issues identified and added to the Strategic Plan for 2004-2005 are:

- ♦ Reorganize the Board of Pharmacy office and field operations to streamline processing and communications.
- ♦ Review and update inspection procedures to better utilize modern technologies.
- ♦ Initiate changes to regulations and policies governing the pharmacy intern program.
- ♦ Explore the feasibility of a competency-based assessment program for pharmacy technicians with continuing education requirements.
- ♦ Review NABP guidelines and provide recommended changes for wholesale drug distribution standards and regulations.
- ♦ Prepare and conduct law presentations for the general licensee population with emphasis on drug compounding as well as other issues of concern.
- ♦ Complete an analysis of needed revisions to the pharmacy practice act projected over the next five years, prioritize categories, and prepare revisions.

Total Out-of-State Manufacturers Registered.....	93

NOTE

Any out-of-state drug company or manufacturer that ships/transfers legend drugs or devices into this state is required to obtain an out-of-state drug distributor license with this office.

Upon receipt of a license application, the company is issued a temporary license. This temporary license is valid for a period of one (1) year or until the application has been completely processed by this office, at which time, a permanent license is issued or the application is denied by the Board.

All in-state drug companies that ship/transfer legend pharmaceuticals are also required to obtain licensure with this office.

Any pharmacy that distributes legend drugs to any entity other than the consumer (the patient), such as other pharmacies, physicians, etc., must obtain a drug distributor's license if that type of distribution exceeds 5% of the pharmacy's total gross sales of legend products.
